Patents Showing: | Any status | View as: | List | Patents **1** - **10** on **configurable application sharing**. (**0.04** seconds)

Sort by relevance | Sort by date (new first) | Sort by date (old first)

Execution of **application** process using registry having binding methods
US Pat. 6671746 - Filed Dec 14, 1998
Configurable Application Program Service The **Configurable Application** Process Service is a computer software method for dynamically administering the **...**

Access-method-independent exchange 3
US Pat. 6397254 - Filed Dec 14, 1998
Configurable Application Process Service The **Configurable Application** Process Service is a computer software method for dynamically administering the **...**

Access-method-independent exchange using a communication primitive
US Pat. 6546413 - Filed Dec 14, 1998
Configurable Application Program Service The **Configurable Application** Process Service is a computer software method for dynamically administering the **...**

Service provider **application** program communicating with service provider ...
US Pat. 6421705 - Filed Dec 14, 1998
Configurable Application Program Service The **Configurable Application** Process Service is a computer software method for dynamically administering the **...**

Method and platform for interfacing between **application** programs performing ...
US Pat. 6269396 - Filed Dec 11, 1998 - Alcatel USA Sourcing, L.P.
An **application** 28 is defined as a group of **configurable** element sets 26 that **...**
and its mate may operate in an active/standby mode or a load- **sharing** mode. **...**

Methods, systems and computer program products for centralized management of ...
US Pat. 6510466 - Filed Dec 14, 1998 - International Business Machines Corporation
10, the host name specifying the Tivoli™ server having access to the file
package (**configurable application** program) is specified as **...**

Enterprise management system and method which includes a common enterprise ...
US Pat. 6895586 - Filed Aug 30, 2000 - BMC Software
The method of claim 8, wherein **sharing** the namespace with the one or more **...**
an agent **application**, wherein the agent **application** is **configurable** to monitor **...**

Dynamic load balancing during message processing in a wireless communication ...

US Pat. 6574477 - Filed Oct 6, 1999 - Lucent Technologies Inc.

In a further aspect, an **application** processor load **sharing** arrangement is needed
in order to minimize service impairments arising from **application** processor **...**

Method and apparatus for multilevel software configuration having ...

US Pat. 6128730 - Filed Aug 17, 1998 - Bull HN Information Systems Inc.

The method of claim 24 wherein the calling **application** includes an **...** storing the
values representative of a corresponding number of **configurable** items for **...**

Execution of dynamically configured **application** service in access method ...

US Pat. 6671713 - Filed Dec 14, 1998

Configurable Application Process Service The **Configurable Application** Process
Service is a computer software method for dynamically administering the **...**
